January 2024

Dear Parent/Carer,

We are pleased to inform you that we will soon be changing how we communicate with families and will be launching a brand-new School App from Parentapps that will hopefully develop a more streamlined way of communicating and sharing information with each other.

The App we will be launching is a brand-new School App from Parentapps. The App is free to download and is available for both Apple and Android devices. The App will provide you with instant access to event information, website, messaging and much more. Additionally, you will be able to view and submit consent forms easily and receive secure documents.

The app will also enable you to invite additional family members, ensuring that the right people have access to important information. We will use the app to send targeted messages via notifications, so you are not given lots of messages that are not relevant to you or your child.

Lastly, the app is fully secure and GDPR compliant and in order to access it you will need to be invited via email or SMS message. Please look out for an email or text invitation from Parentapps with further instructions on how to download and access the app.

A coffee morning and evening event will be available for you to attend during the week of February 5th 2024 (specific dates and times to follow) if you need any help with setting up and logging on. A help desk will also be available during parents' evening/marketplace event on Wednesday 31st January.

If you have any questions or queries in the meantime, please do not hesitate to contact me.

Yours Sincerely

Samantha Crawford
(Assistant Head)
